Pablo Alvaro Hidalgo

Data & Digital Analyst | Analytics Engineering

+34 605 054 449 | palvaroh2000@gmail.com | in/pabblo2000 | pabblo2000 | Madrid, Spain

PROFILE

Data Analyst with 2+ years of experience and a solid data engineering background, working between analytics and analytics engineering: from modelling and transforming data to delivering dashboards and business insights. Currently **CRM Data Analyst** in the Insights team at Ryanair, owning daily revenue and claims reporting for the **CMO** and working daily with **Databricks** (SQL, notebooks) and **Power BI** on customer, campaign and digital data, with hands-on experience in **A/B testing**, **GA4 on BigQuery**, automation and cloud platforms (**AWS Certified Data Engineer**, Snowflake). Fluent English (**C1, Cambridge**), degree taught in English and a **full academic year** exchange in the US.

EXPERIENCE

Ryanair Mar 2025 – Present
CRM Data Analyst | *Insights* Madrid, Spain

- Own the **daily revenue and EU261 passenger claims reporting** delivered directly to the **CMO**, providing a daily view of commercial performance and compensation exposure.
- Analyse large-scale customer, booking and CRM campaign data in **Databricks** (SQL, notebooks) to drive customer engagement and commercial decisions.
- Design and evaluate **A/B tests** on CRM campaigns and commercial levers, translating results into recommendations adopted by the business.
- Develop modular, reusable SQL transformation logic and data quality checks that feed reporting, bringing an analytics engineering approach to the Insights team.
- Build and automate **Power BI** dashboards on top of Databricks, reducing manual workload and turnaround time, and partner with marketing, commercial and pricing stakeholders to define KPIs.

Minsait (Indra Group) Feb 2025 – Mar 2025
Consultant Analyst Madrid, Spain

- Built an internal tool to automate commercial proposal generation and designed semantic data models for client systems.

Panoram Hotel Management Sep 2024 – Feb 2025
Data & BI Analyst (Internship) Madrid, Spain

- Primary analytical partner to the Commercial Strategy & BI Director across a multi-brand hotel portfolio.
- Developed **forecasting models** (SARIMAX, XGBoost) for occupancy and revenue to support commercial planning.
- Led data standardization and data quality initiatives, improving reporting reliability and governance.
- Designed executive Power BI dashboards and automated recurring reports for senior leadership and HR.

Mediapro Feb 2022 – Aug 2022
Business Administration Intern | *Finance & Controlling* Madrid, Spain

- Supported invoicing, cost tracking and month-end processes, using SAP for day-to-day financial operations.
- Prepared Excel reports and reconciliations for the finance team.
